Overlake Transit Center/NE 40th

The Overlake Transit Facility is a local and regional transit hub, providing a park-and-ride lot and a convenient transfer site for riders using buses operated by Sound Transit and Metro and for private shuttle services operated by employers in the Overlake area.

The site includes the Microsoft Shuttle Operations Building as well as the Rider Services Building and houses customer information, a bike station, the Greater Redmond Transportation Management Association, a Redmond police outpost, a concessionaire and driver restrooms.

Mode
Bus

Highlights
Start of service:
Transit center/park-and-ride lot opened February 2002
Shuttle operations building opened Summer 2002
Rider service building opened April 2003

Location: Northeast 40th Street and 156th Avenue Northeast

Budget: $11.1 million

Planning partners: Sound Transit, City of Redmond, Metro, Microsoft Corporation, Federal Transit Administration, Greater Redmond Transportation Management Association, Washington State Department of Transportation

Consultants & contractors
